

At Last – a generator that lets you power three phase and dual single phase equipment simultaneously!

Powered by Isuzu .

DGK25C Ultra Quiet 25kVA/20kW
Simultaneous 1-phase (120-/240V)
3-phase (240/480V)

Plus get remarkably low sound levels, the hallmark of kWiet Power generators.

DGK25C FEATURES

- **Delivers dual single phase and three phase simultaneously with patented Simul-Phase™ technology.**
- Rugged, fuel-efficient Isuzu diesel engine.
- Ultra quiet thanks to advanced sound-absorbing technology.
- Engine meets EPA Tier II emission standards.
- Voltage selector switch permits matching output to the load. Lockable switch protects against improper voltage change.

- Low oil pressure and high coolant temperature result in automatic shut-downs.
- Thermal relay opens main circuit breaker to protect generator in case of overload.

- Durable all-weather enclosure with powder coat paint and stainless steel fasteners throughout provide protection against corrosion.
- Two-way tank valve for easy connection with auxiliary tanks.
- Easy-to-use control panel with reliable analog gauges.
